

A dramatic, low-key photograph of a man in a shower. He is shown from the chest up, in profile, looking down. His skin is wet and glistening with water droplets. A showerhead is visible at the top, with a dense spray of water falling over him. The background is dark, making the water and the man's form stand out.

Experts in innovation.

Ideal Standard's unrivalled bathroom expertise and craftsmanship are built on more than a century of creating stunning products for everyone, driven by the relentless pursuit of elegant design, technological innovation and manufacturing excellence.

Pioneering Ceramic Disc

We pioneered the ceramic disc cartridge in 1969: an innovation which redefined the way people used bathrooms and made it possible to create the single lever tap.

German engineering

Our fittings are engineered in Wittlich, Germany and are manufactured with the highest quality materials, ensuring every product that leaves our plants is robust, hard-wearing and made according to the highest standards.

1969

When we invented the ceramic disc cartridge.

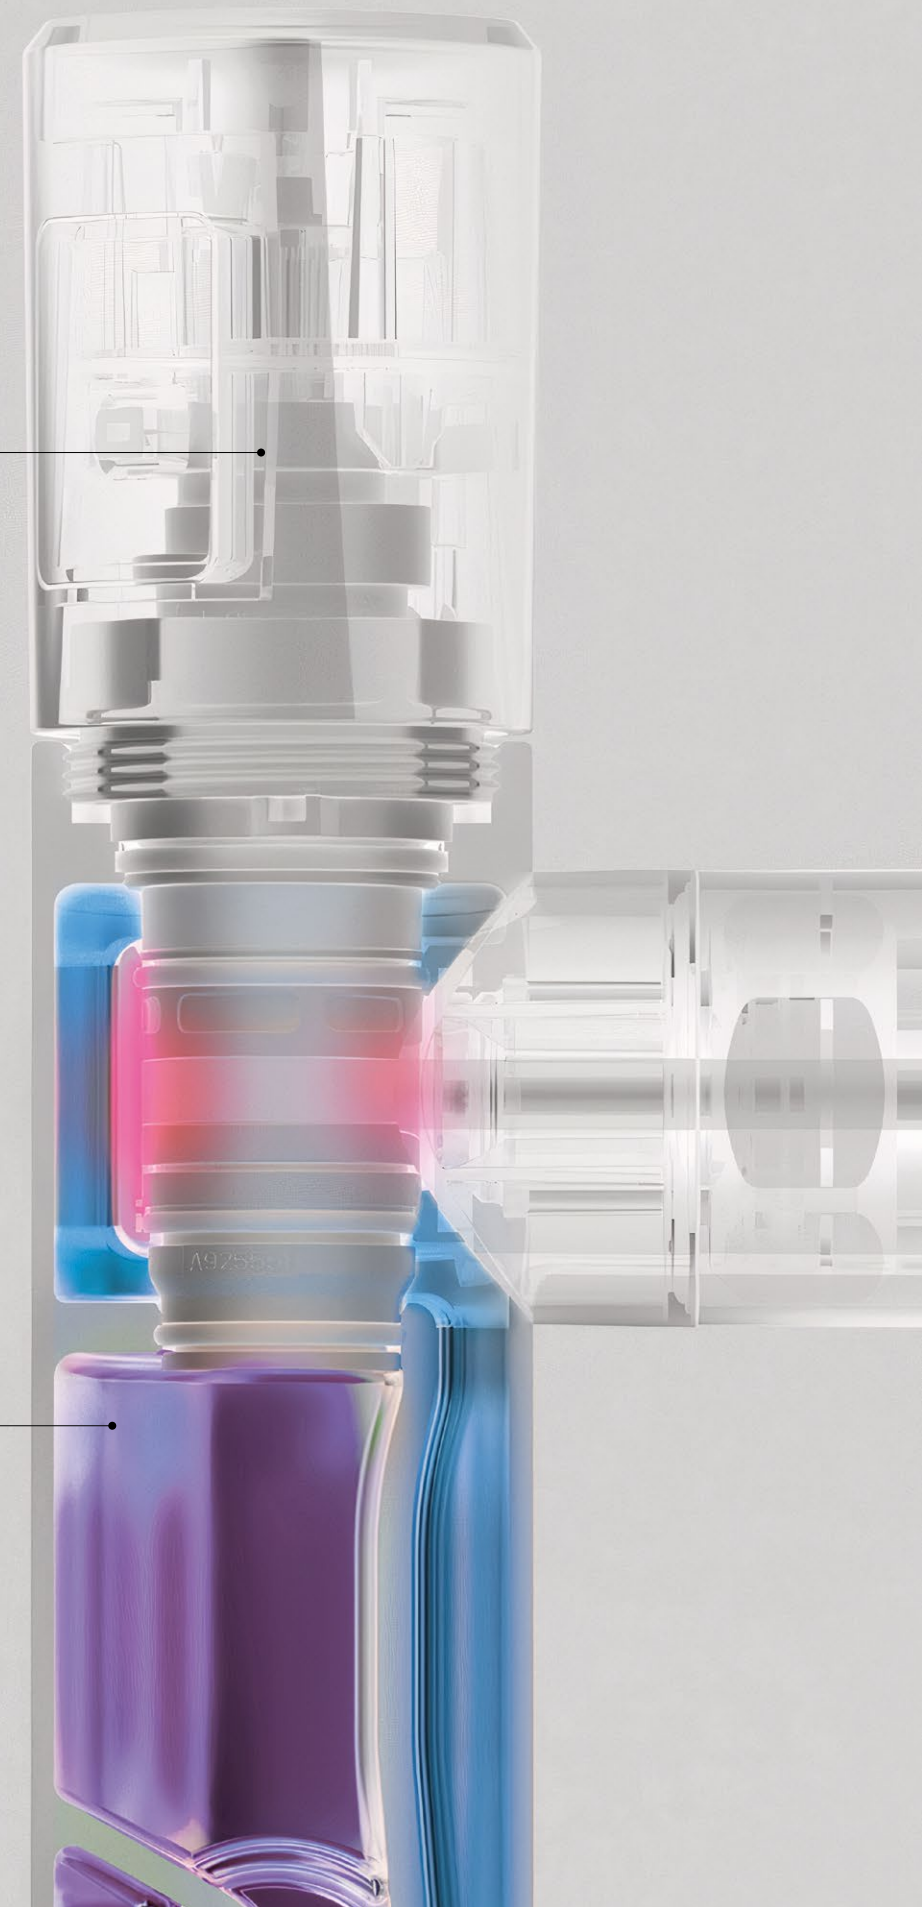

PreciTherm®

The PreciTherm® thermostatic cartridge ensures a safe, comfortable shower and bath experience by preventing sudden temperature fluctuations. PreciTherm® limits fluctuations to just 1.5°C for two seconds.

Cool Body

Cool Body from Ideal Standard ensures shower mixers remain safe to touch by surrounding hot water with cold water flow. This prevents scalding and keeps the thermostat comfortable to operate, providing peace of mind for users of all ages.

Singular is where it all comes together.

From inspiration to installation, Singular® is our end-to-end journey for creating integrated cross category washroom and bathroom solutions. It's built on our understanding of customer needs and our expertise in creating specifications.

Our solutions bring together design and performance to make life easier for everyone while also being mindful of the planet. Whether you're an architect, a specifier or a tradesperson, Singular® offers a seamless journey to that one, perfect cross-category solution, incorporating products that stand out with inspirational designs, innovative technology and sustainable features.

Singular™
from Ideal Standard

Try the Singular Configurator and plan your bathroom with ease.

Shower Systems

Exposed Shower Systems

Two core shower systems. One immersive experience.

Ideal Standard offers two different options of shower systems, offering you specific features that help create a shower experience that meets your exacting requirements.

Ceratherm

Precise temperature control with thermostatic shower mixers, powered by our PreciTherm® cartridge.

Ceratwist

Diverter shower systems adapting to your individual situation by switching easily between shower outlets.

Ceratherm
Ceratwist

T25

Ceratherm
Ceratwist

T25

The T25 showering range is designed with attention to detail, featuring slim sliders, sleek shower heads, and multiple spray modes across all products. Each product also includes easy-clean nozzles, ensuring both a high-performance and low-maintenance shower experience.

Finishes

Chrome

T25 Hand Shower

The T25 hand shower features a large 100mm shower head for full, luxurious coverage. With two spray functions – Rain and SilkRain – it offers a choice between an invigorating, more intense flow or a smooth, ultra-fine spray for a gentle, relaxing experience.

T25 Shower Head

The T25 shower offers a sleek, modern look to suit any bathroom. Both include a generous 260mm shower head and Rain Spray, for fully immersive coverage.

Cool Body technology for a safer shower

PreciTherm® & FirmaFlow+® cartridges for precise and reliable temperature control

Large 260mm 8 litre head shower with Rain spray

2 function 12 litre hand shower with Rain and SilkRain spray

Easy-clean nozzles

EasyFix for hassle-free installation

Eco versions available

Ceratherm
Ceratwist

T25+

The T25+ range features a 260mm 2-function head shower and a 100mm 2-function hand shower, both offering Rain and SilkRain modes. With dual shower functionality, it provides a versatile shower experience for complete comfort and coverage.

Finishes

-  Chrome
-  Silk Black

T25+ Hand Shower

The T25+ hand shower features a large 100mm head, designed for full and indulgent coverage. With two spray functions – Rain for a more intense, refreshing flow and SilkRain for an ultra-fine, smooth sensation – it offers a tailored shower experience.

T25+ Shower Head

The T25+ shower head's large 260mm design delivers full-body coverage for a refreshing and soothing shower. With two spray options – Rain for a stronger flow and SilkRain for an ultra-fine, gentle sensation – it provides a customized experience to suit your mood.

Cool Body technology for a safer shower

PreciTherm® & FirmaFlow+® cartridges for precise and reliable temperature control

Large 260mm 12 litre 2 function head shower with Rain & SilkRain spray

2 function 8 litre hand shower with Rain and SilkRain spray

Easy-clean nozzles

Ceratwist

Alu⁺

Ceratherm
Ceratwist

Alu+

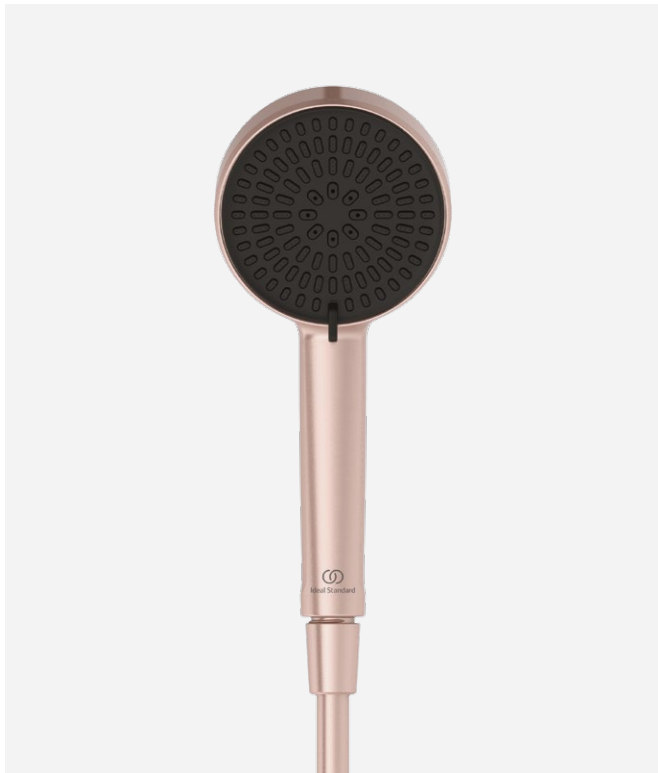

Alu+ focuses on sustainable details that make a difference. Made from 84% recycled aluminium and free from chrome, and nickel, it reduces environmental impact. Built-in water-saving technology limits flow for the handspray and the rain shower, ensuring performance with less water use.

Finishes

- Silk Black
- Rosé
- Silver
- Bronze (new)

Alu+ Hand Shower

Alu+ hand shower features a large 100mm head, offering greater coverage. With two spray functions – Rain for a more intense flow and SilkRain for an ultra-fine, smooth sensation – it can be both refreshing and relaxing.

Alu+ Shower Head

With a spacious 260mm design, the Alu+ shower head provides full-body, immersive coverage. Choose between the intense Rain spray or the gentle, smooth SilkRain spray for a tailored shower experience.

- Cool Body technology for a safer shower
- PreciTherm® & FirmaFlow+® cartridges for precise and reliable temperature control
- Large 260mm 2 function head shower with Rain & SilkRain spray
- 2 function hand shower with Rain and SilkRain spray
- Easy-clean nozzles
- Built-in shelves for convenient storage
- EasyFix for hassle-free installation
- Eco versions available

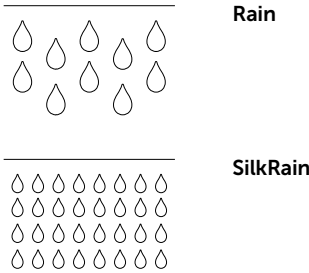

Water Saving Technology

Alu+ features integrated water-saving technology across the entire range, with flow limiters that restrict consumption – delivering sustainability without compromising performance.

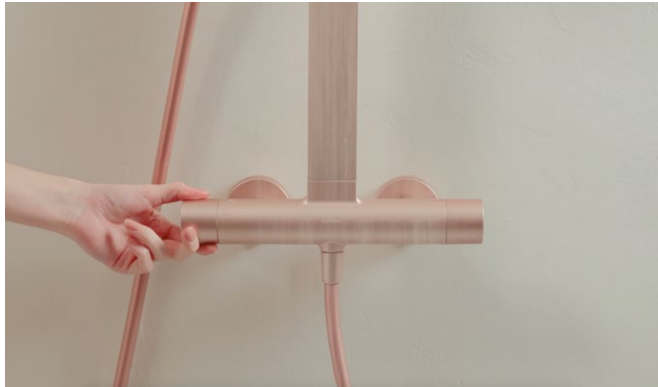

Spray Modes

Simply rotate dial to choose between Rain and SilkRain experience.

Water and energy-saving, Alu+ maintains high performance while supporting sustainability through its recycled content.

Rain spray hand shower offers a refreshing, intense flow.

SilkRain spray hand shower delivers a smooth, gentle mist.

A soothing spectrum

Solos offers an enhanced shower experience with integrated lighting that creates a calming, mood-enhancing atmosphere through gentle colour changes. Compatible with Zigbee 3.0, it seamlessly integrates into your smart home setup, allowing you to easily control and personalise your shower environment.

Set up smart with Zigbee 3.0

Zigbee, a unified communication protocol for smart home setups, allows the Solos product to easily integrate into your existing system. By syncing with other smart devices, such as the lights in your bathroom, you can create personalised scenes that coordinate the Solos head shower with your lighting, enhancing your shower experience with fully customised atmospheres.

Colour change feature

For a spa-like experience, Solos features an integrated colour-changing light in the overhead shower, blending light, colour, and water.

One Easy-Box. Multiple possibilities.

Easy-Box

Ideal Standard's Easy-Box simplifies installation of our concealed, built-in shower mixers with a universal kit that works with Navigo® thermostats. Its flexible design adapts to various projects and installation types, offering a durable, reliable showering solution.

Navigo®

Navigo® technology offers a seamless shower experience with a push-and-turn control for easy water flow adjustment. It also allows users to enjoy both the overhead Rain shower and handspray simultaneously for an invigorating experience.

Easy-Box

Simplifies installation with its flexible design.

Streamline design

Slim and sleek design: 10mm only.

Navigo® push button

One smooth push-and-turn movement to control the water flow at your preselected temperature.

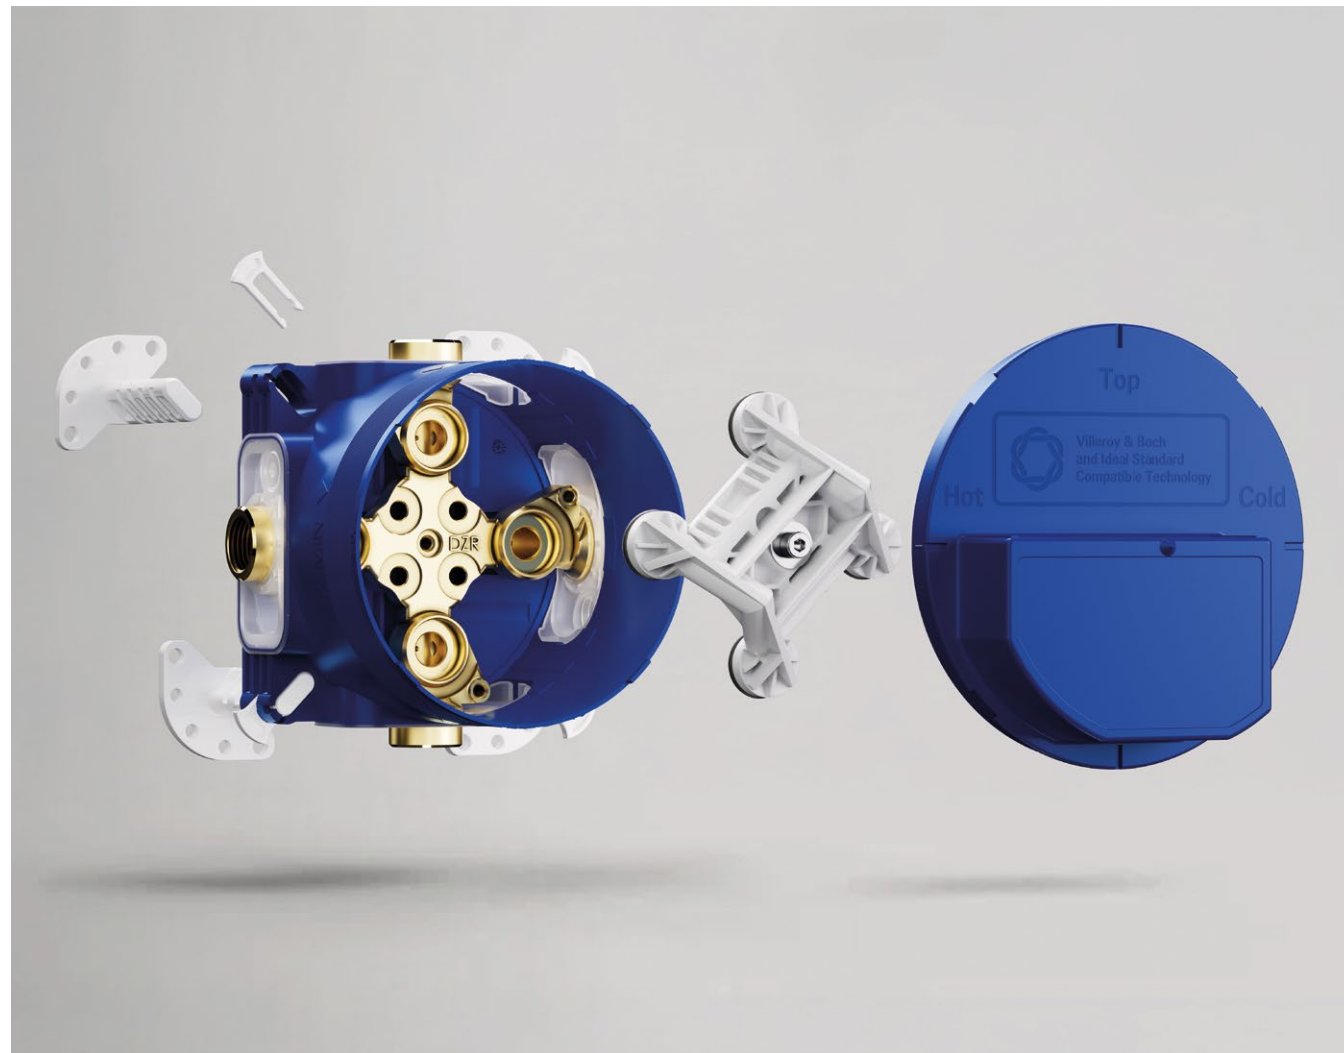

Temperature control

Precise and consistent temperature settings.

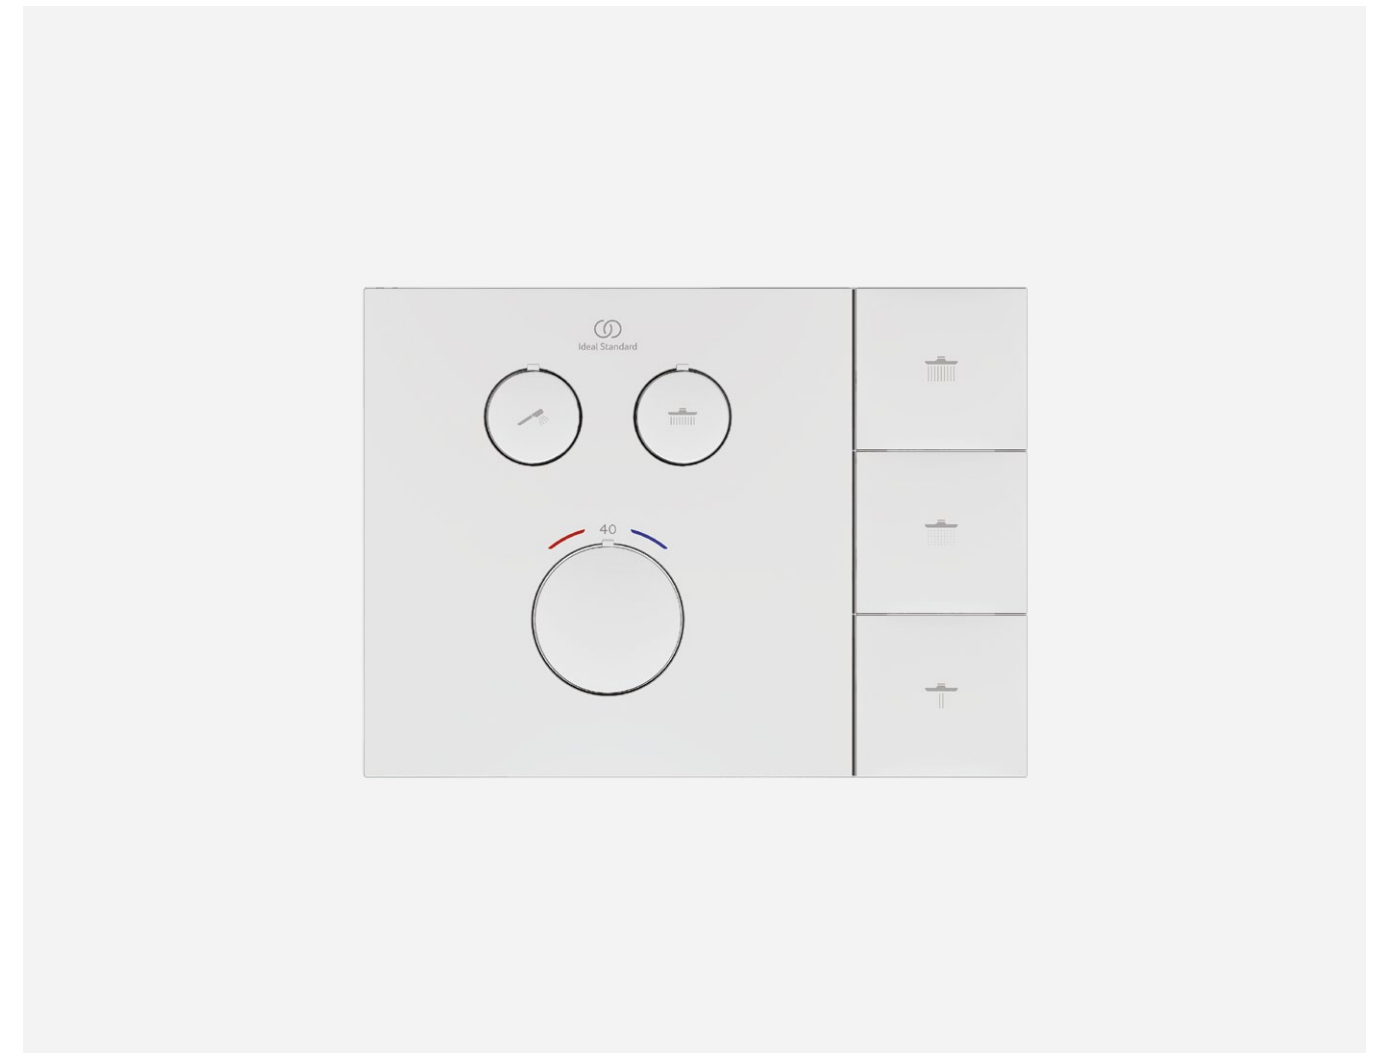

Easy-Box

Ideal Standard's Easy-Box simplifies installation with a flexible built-in unit that requires no special tools and adapts to any project or installation type.

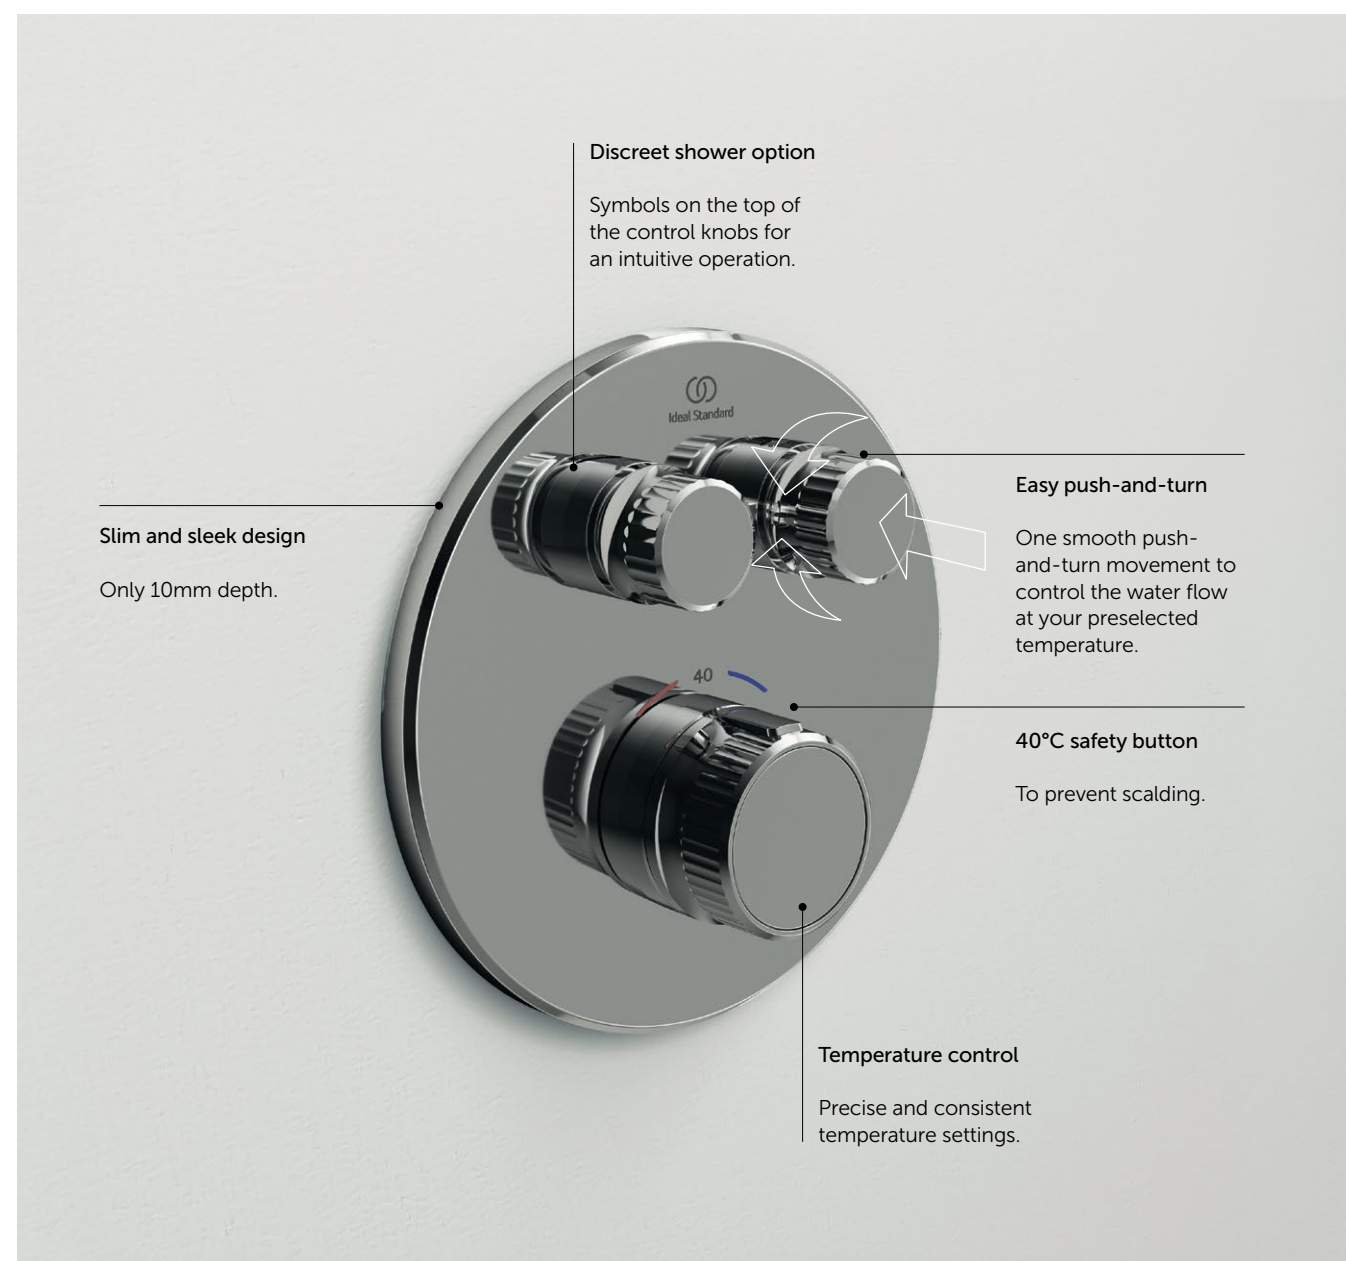

Ceratherm Navigo®

Space-saving design gives the ultimate control of shower function and volume in one smooth motion installation type.

Navigo® Engineered for control

The detail's in the button. And with Navigo® technology, one push is all it takes to control your showering experience. With a simple push-and-turn movement, Navigo® allows you to operate your shower as effortlessly as possible. Push in the control knob to start or stop the shower, then turn the dial for precise control of water flow.
